

**ADNOC Drive to meet its Energy Supply Commitment  
資源供給の貢献へと続くADNOCの道のり**

**Mr. Qasem M. Al Kayoumi  
ADNOC**

ADNOC has a rich history and strong track record of meeting its obligation to secure increasing global energy demand. Our strategy is built on strategic partnership and collaboration with reputable Oil Industry leaders to benefit from their knowhow, technology and best practices. ADNOC has invested heavily in developing its hydrocarbon resources from Upstream, Downstream and Marketing. In my presentation I will highlight mainly examples from Upstream sector focusing on current plans to build and sustain our Oil and Gas production capacity. Examples will include exploration undeveloped Gas reservoirs, unconventional resources and our ambitions Drive for Digitalization and Big Data analytics.
